Materials & Packaging Check List

To:
Company:
Address:

The following check list provides you with an easy reference of the materials we can collect, process and recycle from your business.
We have ticked the items we have collected from you over the past twelve months and would be pleased to give you a quotation for any of the other materials you select. If you can provide estimated volumes for these it would be helpful.

Each material has a number(s) beside it that can be cross referenced with the containers we provide, at no cost, for their interim storage on your premises. Kindly let us know if you wish to take advantage of any of these.

Items such as Aluminium Plates, Negative Films and Silver Flake can be assessed and weighed on site at the time of collection which enables us to pay you by cash or cheque before leaving your premises if required, alternatively the value can be set against charged items.

MATERIALS	✓	Est. Vol. Pa.
Cash Back Materials		
Aluminium Plates[1,2]		
Negative Film[1,9]		
Silver Flake		
Photographic Fixer[3,4(+1)]
