HEALTH & SAFETY STATEMENT OF SAXON RECYCLING LIMITED

Our Statement is to:

- provide and maintain adequate control of the health and safety risks arising from our activities;
- consult with our employee, suppliers, contractors and any other stakeholders, on matters affecting their health & safety;
- provide and maintain safe plant & equipment;
- ensure safe handling and use of substances;
- provide information, instruction and supervision for employees;
- ensure all employees are competent to do their tasks, and to give them adequate training;
- prevent accidents and cases of work-related ill health;
- maintain a safe and healthy working environment; and review and revise this policy as necessary at regular intervals.

To help us achieve these objectives we have implemented a health and safety management system which includes: risk assessments, COSHH assessments, competency based training scheme and regular meetings with staff that all issues are discussed.

This statement and its associated procedures applies to all activities of the company, both on-site and off-site, and are to be followed by all employees and any others working for or on behalf of the company. This statement will be communicated to customers, suppliers, and available to the public.
