Date 4 July, 2013

Dear Sir/Madam

Re: CSG acquires Saxon Recycling

Although it seems like only yesterday that Richard and I started Saxon Recycling, in fact it was nearly 20 years ago, and much has changed both in the printing industry, and in the world of recycling.

CSG (Cleansing Service Group) is a large group of companies with a great deal of expertise in the waste industry. Five years ago CSG acquired J&G Environmental, and they soon recognised that Saxon Recycling would be a good fit within the group.

Given their knowledge and experience of the industry, we anticipate that the excellent service already provided by Saxon Recycling, will be enhanced further by this acquisition.

As with any acquisition some changes will be inevitable, but please be assured that any changes to collection and transport arrangements will be discussed with you before they are implemented.

Many of you will know Paul Godfrey, our General Manager, and he will be in charge of the new operation, with Richard and I staying on until the end of the year in support.

If you would like to talk about future arrangements, or if you would like us to visit you, please do not hesitate to call either myself or Paul Godfrey. Thank you for all your custom and support over the years.

Mick Adams
